Dear Mr. Robinson:

I am writing this letter on behalf of the Colorado Division of Wildlife.

We would like to stress to you how much we appreciate the efforts of your employees during our recent moose transplant, into the East Muddy Creek area of Gunnison County. Due to your employee's assistance we were able to successfully and safely release 12 moose at the site located at the intersection of Gunnison County Road 265 and US Forest Service Road 844.

Al Arsenault was particularly helpful in ensuring that the release site was plowed out so that our trucks, which were pulling trailers carrying the moose, had adequate space. We had a safe work and release area with room to turn around upon release of the moose.

It is actions such as those of your employees which allow the Colorado Division of Wildlife to successfully continue managing and enhancing wildlife in our State. Thank you for your assistance in making this a complete success.

Sincerely,

J. Wenum
Area Wildlife Manager
